INSTRUMENTATION

YOKOGAWA

Temperature/Pressure/Flow Measurement,
Tunable Diode Laser, Gas and Liquid Analyzers,
DCS Systems, Data Acquisition, recorders
Controllers, Process Gas Chromatographs

MSA / GENERAL MONITORS Protection for life.

Gas Detectors, Flame Detectors,
Wet Well/Odor Monitors, Customized
Gas Sampling Systems

FLOWSERVE

Valtek process control valves for all industrial
applications

GE Panametrics

Panametrics flow meters for
industrial and municipal control
including ultrasonic portables

PEPPERL+FUCHS PROTECTING YOUR PROCESS

Intrinsic Safety, Fieldbus Solutions, Purge &
Pressurization, Level Measurement,
Graphical Interfaces, Corrosion Monitoring

DeZURIK APCO | HILTON

Plug Valves, Butterfly Valves, Rotary Control
Valves, Knife Gate Valves, Ported Gate Valves,
Consistency Transmitters, Actuators,
Accessories, APCO Valves

O'BRIEN

Tubing bundles, Instrument Enclosures,
Instrument Supports

LESER The-Safety-Valve.com

Safety Valves, Pilot-Operated
Safety Valves

cashco

Process Control Valves, Sanitary Control
Valves, High Flow Regulators, Tank Pressure/
Vacuum Vents, Flame Arrestors

nVent

Pentair Thermal Management
is now nVent. Leak Detection,
Sensing Cables, Alarm Modules

Waterman

Engineered water control solutions

MOGAS SEVERE SERVICE BALL VALVES

Severe service isolation and control ball
valves for the most extreme applications

CUSTOM TRAINING CLASSES

WARRANTY SERVICE

FACTORY ACCEPTANCE TRAINING

MAINTENANCE AGREEMENTS

SOFTWARE MIGRATION ASSISTANCE

SITE ACCEPTANCE TESTING

AUTOMATION

GE Intelligent Platforms

GE Intelligent Platforms Automation Software and PAC Controllers offer best-in-class control, data collection, visualization, and analysis solutions for industrial applications.

Proficy is designed to be an asset to both the plant floor and the executive offices—optimizing and integrating site-to-enterprise operations.

The Proficy Suite includes:
- ⇨ Proficy Cimplicity®
- ⇨ Proficy iFIX®
- ⇨ Proficy Historian®
- ⇨ Proficy Plant Applications: Process Efficiency, Quality and Production Management
- ⇨ Proficy OEE®
- ⇨ Proficy Mobile®
- ⇨ iPower®
- ⇨ Workflow ®
- ⇨ Proficy Dream Reports®
- ⇨ Machine Edition®
- ⇨ Quick Panel Graphical Touch Screen OIT®
- ⇨ PAC Controllers: RX3i, RX7i, RXi
- ⇨ PLCs: 90-30, 90-70

We help you:

Automate. Measure.

Visualize. Control.

Collect. Analyze. Learn.

IMPROVE YOUR PROCESS.

ACP THINMANAGER.COM — Thin client and terminal server management that offers thin client hardware that never becomes obsolete, automatic configuration of new clients, redundancy and failover, server load balancing, and more. ACP's new Relevance easily delivers your applications to mobile devices.

ARISTA — Talk to us. We listen. — Industrial PC Solutions: Panel Computers, Industrial Displays, Industrial, Micro, Embedded Computing, Rackmount Systems, Computing, Thin Client terminals

TEMPERED NETWORKS — Hardened. Resilient. Simple. — Industrial Network Security aimed at large-scale industrial and enterprise networks. SimpleConnect™ provides a centrally managed security appliance solution that meets the network integration challenges facing the modern industrial enterprise.

Kepware TECHNOLOGIES — KEPServerEX is a powerful platform for communication and data exchange between equipment. OPC Server, and drivers for DNP 3.0, Modbus RTU Serial, Modbus Ethernet, Modbus ASCII, BACnet/IP Driver, and more.

N-TRON THE INDUSTRIAL NETWORK COMPANY — Industrial Networking Equipment: Wired and Wireless Switches, POE, Media Converters, Wireless Access Points

PULS — Din-rail mount 1-Phase and 3-Phase Power Supplies, DC/DC Converters, Buffer Modules, DC-UPS's, Diode- and Redundancy Modules

red lion — HMI Products, Process Controls, Panel Meters, Sensors, Protocol converters, and KPI displays

SyTech — XLReporter automated reporting and data analysis software for production and management. Design, schedule , analyze data, and distribute reports to your team. Includes database blocks for iFix software.

Schneider Electric — SCADAPack PLC's, RTU's, Radios, and Wireless Instrumentation Remote configuration capable: Remote programming, configuration and diagnostics - built for rugged conditions.

WIN-911 — Win 911 and Mobile 911: World leader in remote notification for telephone, mobile phones, pagers, and email specialized for industrial automation applications.
