Vancouver, WA 98660  
PH: 888.897.1702

**SEATTLE**

909 7th Avenue, Suite 201  
Kirkland, WA 98033  
PH: 425.822.1702

**EASTERN WASHINGTON**

PH: 509-593-5052

**ANCHORAGE**

5610 Silverado Way, Suite A01  
Anchorage, AK 99518  
PH: 907-696-2799

**INSTRUMENTATION**

Temperature/Pressure/Flow Measurement,  
Tunable Diode Laser, Gas and Liquid Analyzers,  
DCS Systems, Data Acquisition, recorders  
Controllers, Process Gas Chromatographs

Gas Detectors, Flame Detectors,  
Wet Well/Odor Monitors, Customized  
Gas Sampling Systems

Valtek process control valves for all industrial  
applications

Panametrics flow meters for  
industrial and municipal control  
including ultrasonic portables

Intrinsic Safety, Fieldbus Solutions, Purge &  
Pressurization, Level Measurement,  
Graphical Interfaces, Corrosion Monitoring

Plug Valves, Butterfly Valves, Rotary Control  
Valves, Knife Gate Valves, Ported Gate Valves,  
Consistency Transmitters, Actuators,  
Accessories, APCO Valves

Tubing bundles, Instrument Enclosures,  
Instrument Supports

*Engineered for life*  
Pressure Switches, Temperature  
Switches

Process Control Valves, Sanitary Control  
Valves, High Flow Regulators, Tank Pressure/  
Vacuum Vents, Flame Arrestors

Pentair Thermal Management  
is now nVent. Leak Detection,  
Sensing Cables, Alarm Modules

Engineered water control solutions

Severe service isolation and control ball  
valves for the most extreme applications

Safety Valves, Pilot-Operated  
Safety Valves

**AUTOMATION**

GE Intelligent Platforms Automation Software and PAC Controllers offer best-in-class control, data collection, visualization, and analysis solutions for industrial applications.

Proficy is designed to be an asset to both the plant floor and the executive offices—optimizing and integrating site-to-enterprise operations.

The Proficy Suite includes:

- ⇒ Proficy Cimplicity®
- ⇒ Proficy iFIX®
- ⇒ Proficy Historian®
- ⇒ Proficy Plant Applications: Process Efficiency, Quality and Production Management
- ⇒ iPower®
- ⇒ Workflow®
- ⇒ Proficy Dream Reports®
- ⇒ Asset Performance Management

We help you:  
 Automate. Measure.  
 Visualize. Control.  
 Collect. Analyze. Learn.  
**IMPROVE YOUR PROCESS.**

Emerson is the world leader in Automation and process Control solutions and brings a feature rich set of uniquely innovative products to the industrial automation and IOT marketplace.

Emerson's product offering includes:

- ⇒ World's first optimizing controller
- ⇒ PAC Controllers: RX3i, RX7i, RXi
- ⇒ Machine Edition®
- ⇒ Quick Panel Graphical Touch Screen OIT®
- ⇒ Fully integrated Profinet Drives
- ⇒ Intelligent Managed Profinet Ethernet Switches
- ⇒ PLCs: 90-30, 90-70
- ⇒ Industrial Displays

Industrial PC Solutions: Panel Computers, Industrial Displays, Industrial, Micro, Embedded Computing, Rackmount Systems, Computing, Thin Client terminals

Industrial Network Security aimed at large-scale industrial and enterprise networks. SimpleConnect™ provides a centrally managed security appliance solution that meets the network integration challenges facing the modern industrial enterprise.

Industrial Networking Equipment: Wired and Wireless Switches, POE, Media Converters, Wireless Access Points

Din-rail mount 1-Phase and 3-Phase Power Supplies, DC/DC Converters, Buffer Modules, DC-UPS's, Diode- and Redundancy Modules

HMI Products, Process Controls, Panel Meters, Sensors, Protocol converters, and KPI displays

XLReporter automated reporting and data analysis software for production and management. Design, schedule, analyze data, and distribute reports to your team. Includes database blocks for iFix software.

Win 911 and Mobile 911: World leader in remote notification for telephone, mobile phones, pagers, and email specialized for industrial automation applications.
