

# WATER SOLUTIONS

**Your Trusted Advisor for Thousands of  
Public & Private Water Facilities**

**PROVIDING INDUSTRIAL WATER SOLUTIONS FOR OVER 25 YEARS**

- SCADA Upgrades and Migrations
- Design & Technical Consulting
- Supply
- Cyber Security & Networking
- Application Engineering Support
- Training & Certifications

# YOUR PREMIER SOURCE FOR WATER SOLUTIONS

Accurate information for decision support

## SCADA Systems & Critical Infrastructures

High-Availability SCADA & Alarming

Thin Clients & Industrial Computing

Server Computing & Disaster Recovery

## Secure Data Collection & Reporting

Automated Regulatory Reporting

Secure Data Collection

Analytics & Maintenance Optimization

## Secure Connectivity & Infrastructure

Cyber Security & Networking

Secure Remote Connectivity

Telemetry & Communications

## Process Automation & Operator Interfaces

HMI & Operator Interface

PLCs, VFDs, & RTUs

Remote I/O & Data Acquisition

## OPERATORS

- Information delivered timely to solve problems
- Drive immediate response
- Equipment status monitoring
- Out of process notifications

## MAINTENANCE

- Pareto equipment breakdowns daily
- Improve MTBF/MTTR
- Be alerted to critical breakdowns (messages)
- Quickly provide ad-hoc trends for diagnostics

## ENGINEERING

- Enable users to create their own dashboard
- Right information accessible by other departments

## QUALITY

- Digital Quality Checks (data entry)
- Historical Data to drive 5 Why/Continuous Improvement (CI) process
- Trend large amounts of data

## MANAGEMENT

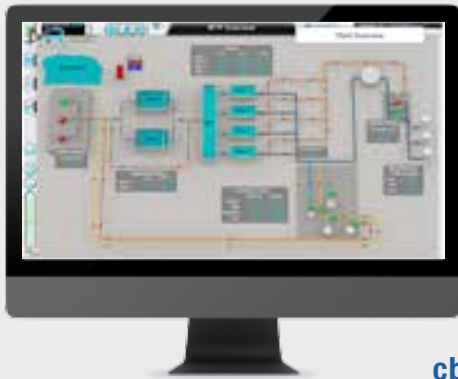

- Exception based management
- Team collaboration & daily huddles
- Data Aggregated Dashboards
- Electronic reports & process status in near real-time

## PROFICY: SCADA, HISTORIAN & MOBILE WORKFORCE

# WATER SCADA SYSTEM DEMONSTRATION

We securely connect, collect, control, visualize, analyze, & optimize

CB Pacific has a real-world Water and WasteWater SCADA system hosted in Amazon Web Services (AWS) enabling you to view, compare, and discuss industry best practices with our team of experts.

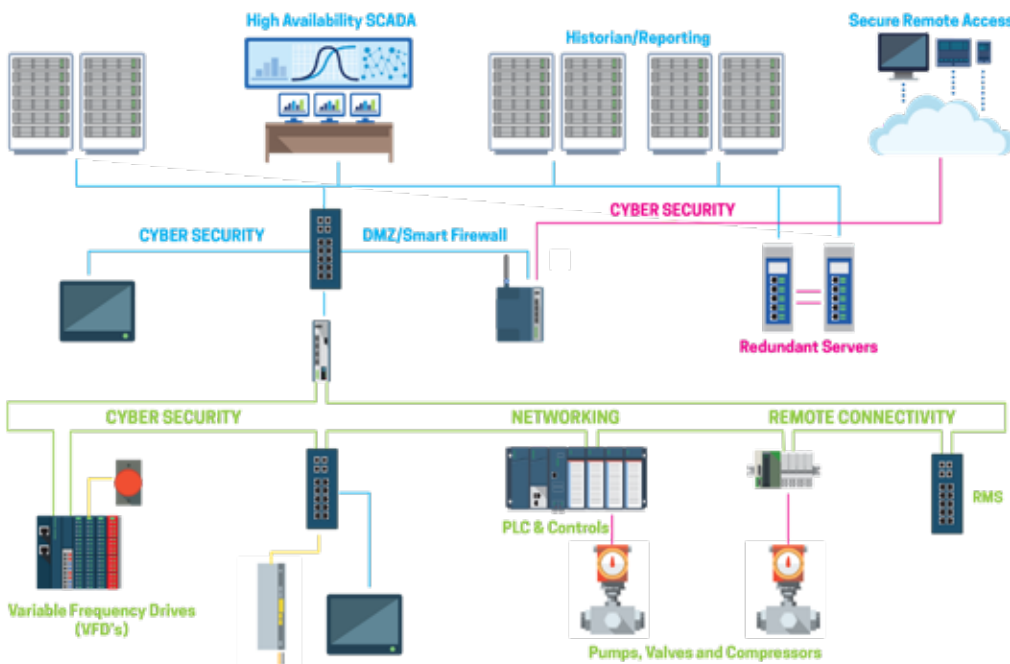

Review the water SCADA system demo with a CB Pacific Application Engineer

◀ Schedule a Demo with an Application Engineer

[cb-pacific.com/automation-industries/water-wastewater/water-scada-demo](http://cb-pacific.com/automation-industries/water-wastewater/water-scada-demo)

Thousands of water facilities have turned to CB Pacific to help improve their operational productivity and lower overall operating costs.

**CB Pacific's application experts help water facilities with:**

- ▶ SCADA Upgrades & Migrations
- ▶ Design & Technical Consulting
- ▶ Supply of Products
- ▶ Application Engineering Support
- ▶ Training & Certifications

# OUR TRUSTED PARTNERS

Industrial Automation Distributor and Representative  
helping you with your operational and technology needs

Industrial  
Automation & Control  
Premier Distributor

PLC/PAC, Industrial PC's, Motion  
Control, HMI/SCADA, Control Power  
Solutions

Automation Hardware & Software,  
Process Systems, Solutions

**Dream Report**<sup>®</sup>  
The Leader in Industrial Reporting Technology

Easy-to-use, Automated Reporting  
and Data Analysis Software

High Availability and Fault Tolerant  
Industrial Servers
