

AUTOMATION SOLUTIONS

PROUDLY SERVING CALIFORNIA

- Programmable Automation Control Systems (PLC/PAC)
- Industrial PC's (IPC)
- Motion Control
- SCADA System for Manufacturing (HMI/ SCADA)
- Control Power Solutions

GE VERNOVA

Representative
Proficy Software & Services

- Automation Solutions: HMI/ SCADA - iFIX or CIMPLICITY, Historian, and Workflow
- Manufacturing Solutions: Plant Applications, Production Manager, and Tracker Software
- Asset Performance Manager: Machine & Equipment Health

STANDARD BOTS

- US manufacturer of cobots

- Industrial PC's
- Industrial Communications
- Wireless Sensors

- Manufacture-independent version control and change management software

- Brushed DC motors
- Brushless DC motors
- Servomotors
- Stepper Motors
- Gearboxes
- Motor Controllers /Drives

- Conveyors

- Data access – From any/all systems
- Data logging – When data isn't already archived
- Data Extraction & Analysis
- Report and Dashboard Design
- Report Generation & Distribution

- Continuous Monitoring
- Knowledge to Action Points
- Cloud & Mobile Accessibility
- Intelligent Alarming
- Cost & Energy Savings Identification
- Fault Detection & Diagnostics
- Consolidated Data Storage

FORTRESS

- Safety Interlocks

- Industrial Displays
- Touch Screens

(888) 897.1702

- Multiport Serial Boards
- Serial Device Servers
- Industrial Ethernet Switches
- Video over IP Servers
- Front-end Embedded Computers

- Unified IoT/OT Visibility and Security
- Integrating Essential OT/IoT Visibility into SOAR Technologies

- Cross-Domain Solutions
- Secure Device Access
- Network Access Control
- Malware Analysis
- Security (File Upload, Email, Storage)
- Developer Tools

- Stackable industrial lighting

- Remote Alarm Notification Software
- Remotely interact with your plant's equipment alarms via mobile app, text, voice, email, or in-plant announcements

- Remote Alarm Notification Software
- Remotely interact with your plant's equipment alarms via mobile app, text, voice, email, or in-plant announcements

- Total power quality solutions
- Comprehensive line of products that convert, protect and back up power throughout production facilities

- Edge Computing
- Application Availability
- Continuous Availability
- Continuous Processing

- Secure critical infrastructure and enable secure remote management
- Connect, manage, and protect IoT, ICS, Smart City, and SCADA system

- Modular I/O
- Terminal blocks
- Power supplies

- Machine Guarding Systems

YOUR AUTOMATION SOLUTIONS EXPERTS

Transform your plant operations. Improve plant safety, product quality, and reduce cost, all while keeping a tight control of environmental compliance. We are here to help you accomplish these plantwide goals with the latest and most trusted technology.

Solutions We Offer

- Manufacturing & Information Systems
- HMI/SCADA
- Automation
- Control System Migrations
- Industrial Internet (IIoT) & Cloud Solutions
- Systems & Network Infrastructure
- Cybersecurity Solutions for OT
